Agency: Your Agency Name

TABLE OF CONTENTS

PART I – PROGRAM, ADMISSION, AND STAFFING 5
1. Introduction, Purpose, and Scope of Services 5
2. Professional Standards and Regulatory Framework 6
3. Admission and Discharge Criteria for Home Infusion Therapy 6
4. Physician and Authorized Practitioner Orders 8
5. Staff Qualifications and Scope of Practice 8
6. Home Infusion Nursing Policy and Nurse Responsibilities 9
7. Patient and Caregiver Education 10
8. Cultural Competency and Language Access 10
9. 24-Hour Continuous Infusion and the Medicare Home Infusion Therapy Benefit 11

PART II – PRINCIPLES OF SAFE INFUSION PRACTICE 12
10. Medication Safety and the Rights of Medication Administration 12
11. Infection Prevention and Aseptic Technique 13
12. Bloodborne Pathogens, Sharps Safety, and Waste 13
13. Fluids and Electrolytes 14
14. Pre-Treatment Assessment 15
15. Equipment: Containers, Administration Sets, Filters, and Pumps 16
16. Vascular Access Device Selection 17
17. Calculating and Regulating Flow Rates 17

PART III – PERIPHERAL IV PROCEDURES 18
18. Peripheral Vein Site Selection 18
19. Tourniquet Application and Vein Distension 19
20. Peripheral IV Catheter Insertion 19
21. Preparing and Priming the Infusion 20
22. Site Assessment and Monitoring 20
23. Peripheral Catheter Removal 21
24. Patient Comfort During Infusion 21
25. Documentation of Infusion Therapy 22

PART IV – COMPLICATIONS AND EMERGENCIES 23
26. Local Complications 23
27. Systemic Complications 24
28. Anaphylaxis Protocol 24
29. Emergency Equipment and Anaphylaxis Kit 25
30. First-Dose Home IV Medication Administration 26

PART V – CENTRAL VASCULAR ACCESS DEVICES, PICCS, AND MIDLINES 27
31. Central Vascular Access Device Care: General Principles 27
32. Flushing and Locking Vascular Access Devices 27
33. CVAD and PICC Dressing Change 28
34. Needleless Connector and Extension Set Change 29
35. Tunneled Catheters: Hickman, Broviac, and Groshong 29
36. Implanted Ports: Access and De-access 29

Agency: Your Agency Name

37. Multi-Lumen Central Venous Catheters	30
38. Blood Sampling from a CVAD	30
39. Management of PICC and CVAD Complications	30
40. Alteplase Instillation for Thrombotic CVAD Occlusion	32
41. Repair of a Damaged External PICC Segment	32
42. PICC and Midline Removal	33
43. PICC and Midline Insertion: Qualifications and Competency	33
44. Patient Guide: Living with a PICC	34
PART VI – SPECIALTY THERAPIES AND RELATED PROCEDURES	**35**
45. Parenteral Nutrition (PN / TPN) at Home	35
46. In-Home Oncologic Intravenous Therapy	36
47. Vitamin, Mineral, and Electrolyte Infusions	37
48. Pamidronate (Aredia) Infusion Protocol	38
49. Peripheral Venipuncture for Blood Specimens	39
50. Intramuscular Injections	40
PART VII – ELECTIVE WELLNESS AND HYDRATION IV THERAPY (PRIVATE PAY) PROTOCOL	**41**
51. Purpose, Scope, and Program Requirements	41
52. Eligibility Screening and Exclusion Criteria	42
53. Standard Infusions (Formulary)	42
54. Wellness IV Procedure	43
55. Safety, Adverse Events, and Quality	44
56. Form: Wellness IV Health Screening and Eligibility	45
57. Form: Informed Consent and Private-Pay Agreement for Elective IV Therapy	46
58. Form: Wellness IV Visit Record	47
PART VIII – FORMS, COMPETENCY, AND QUALITY	**48**
59. IV Therapy Infusion Flow Sheet	48
60. Patient / Family IV Therapy Learning Assessment	49
61. First-Dose Home IV Medication Checklist	50
62. Anaphylaxis Kit Check	51
63. Pamidronate (Aredia): Patient Information	51
64. Pamidronato (Aredia): Información para el Paciente	52
65. Consent for Intravenous Pamidronate (Aredia) Therapy	53
66. Consentimiento para Terapia Intravenosa con Pamidronato (Aredia)	54
67. Qualification Skills Checklist: PICC and Midline Insertion	55
68. Competency Checklist: PICC and Midline Placement	56
69. Information and Training Record (IV Therapy)	57
70. IV Competency Skills Checklist	58
71. Home Infusion Therapy Annual Report	59
References	60
ADDENDUMS	**61**
Addendum A. Intravenous (IV) Therapy Protocol: Adult and Pediatric Care	61
